B Team to Play Anson; Pipers Idle

The Pied Pipers are taking this week off as they prepare for their District 5-AA opener here the following week with Stamford. The Pipers will take a 2-1 record into the game with Stamford as they defeated Post Friday night, 8-7, in a game played in the rain.

The Stamford Bulldogs are 1-2 now and host Breckenridge Friday night.

The Pipers came out of the game with Post in good physical shape, according to Joe Youngblood, head coach.

The Hamlin Freshmen will travel to Seymour tonight for their second game of the season. Game time is 6 p.m.

The Seventh grade game scheduled with Aspermont here Saturday has been postponed until later in the season and the Seventh and Eighth grade teams will host Anson here Tuesday night, starting at 6 p.m.

Tuesday night the Seventh grade defeated Albany 26-0 in a game played here and the Eighth grade followed it up with a 36-0 victory over Albany's Eighth grade.

Four Year Old Found Here After Morn'g Search

Scott Wilson, four year old son of Mr. and Mrs. Robert M. Wilson, was found at noon Tuesday after a three and one-half hour search by his mother, the police, fire department and other citizens.

Scott left his home at 520 N. W. Ave. G. to look for his dog that had gotten loose. His mother found the dog at the railroad track at the north edge of town but was unable to find the little boy.

Mrs. Lee Hastings was driving slowly down the country road two miles north of town when Mr. Romero stopped her and asked her if she were looking for a little boy. She went to the Romero's home where Scott was being cared for while waiting to be found.

Mrs. Wilson was most grateful to all of the citizens who joined in the search. She contacted the police when she missed Scott but realized that many residents upon learning of the lost child had joined in.

Although the Wilsons have only lived here a short time, they express their feelings that the most wonderful people live in Hamlin.

The family moved here in May from Colorado.

County Commissioners Adopt \$608,128.36 Budget for 1969

Jones County Commissioners Court Monday adopted a budget for 1966 which totaled \$608,128.36—up some \$36,000 from this year but down about \$50,000 from 1964.

The court set the tax rate at 70 cents on the \$100 valuation which is the same as this year. This will be broken up as follows: Jury fund, 2 cents; road and bridge, 13 cents; road and bridge special, 15 cents; and general, 40 cents. There will be no assessment this year for permanent improvement.

The county presently has about \$55,000 in the permanent improvement funds and last year a new boiler for the courthouse was purchased. It was brought out at the meeting that money will need to be spent this year on repairing the courthouse which

needs painting both inside and out and the brick and stone needs to be pointed.

Current tax valuation of the county is \$30,500,000, or \$500,000 less than last year. This is mainly due, it was explained to decrease in oil activity and shrinkage of oil and gas valuations. Some adjustments were made in land values at the public hearings this summer.

The new budget follows that of last year rather closely but does provide for salary increases for elected and officers and employees. However, previous budgets also have had similar provisions and unless the commissioners vote the increases at the start of the new year, they are not granted.

The proposed salary increases amount to 5 per cent "across the board." This will mean that the salary of commissioners would become \$5200, that of the tax assessor-collector, \$6600, the district clerk, county clerk, sheriff and county attorney and county judge, \$6300.

The county attorney would receive \$6000 and the county treasurer \$5600.

The court adopted a tax rate of 25 cents for Road District No. 1 which is approximately the northern half of the county. It was brought out that it may be possible to retire all the bonds of this district in 1968—two years ahead of time. This would mean the end of the tax assessment.

The budget shows that the county is on a cash basis with no funds overdrawn. Road and Bridge District No. 2, which is Commissioner Tom Boyd's over a period of five years, precinct, has \$19,000 in warrants. These are to be retired. The money was used to purchase a loader.

In addition to taxes, the county will receive funds from several other sources, one of which is fees of office, another sale of automobile license plates and other state funds.

The officer's salary fund has been supplemented for the last two years from the general

fund. Because of the decline in oil activity there are fewer instruments to be filed and less fees in the county clerk's office.

Since Impact started sale of liquor, there have been fewer arrests and fines in Jones County and this too has reduced.

The new criminal code eliminated attorney fee in justice of peace court and this will cost the county about \$10,000 next year, reducing the fees from an estimated \$12,000 in 1964 to \$2,550 next year.

Precinct 1 will operate on a budget of \$62,700, with \$26,000 of this going for wages, \$2,000 for right of way. Only \$4,000 is budgeted for new equipment.

Precinct 2 will have a budget of \$67,150 with \$28,000 for wages, \$2,000 for right of way and \$8,500 for capital outlay.

Precinct 3 budget calls for a total of \$60,650 with \$26,000 for wages, \$2,000 for right of way and \$4,000 for capital outlay.

Precinct 4 will have \$57,700 available with \$26,000 going for wages, \$2,000 for right of way and \$4,000 for equipment purchase.

Each precinct also will receive funds from the Lateral Road Fund.

FAIRVIEW NEWS

By Mrs. Elmer Joiner
We are always reporting the weather news but we certainly had some to report on last week. If we thought the summer had been hot we just did not know what hot could be until the one hundred three and four days came along. Not that temperatures like that is such news in Texas, but when it comes in the middle of September, that is news. After about three such days by Thursday night it looked as if something had to happen, and happen it did right around here. Clouds boiled up in the southwest, lightning flashed and the thunder roared, then the wind and rain came.

Since the new television shows were coming on and we had just had our television repaired, we were engrossed in what was happening to Daniel Boone, forgetting that our storms all seem to come from the direction from which the wind was blowing. We knew that things were happening to our set including the power going off momentarily, but we had to find out how Daniel and the settlers of Boonesboro fared, for hadn't they lost their homes? The next morn-

ing we discovered that the Joiners could have easily lost their home also, for our chickens lost theirs. The wind had picked up the chicken house and carried it over the garden fence, dropping it in the garden and on top of the barn, smashing it to pieces. The thirteen old hens must have felt rather silly when they were left sitting out in the rain on their roosts. Nothing else on the place was disturbed, not even a waterbucket turned over a post, in front of the building that was blown away.

Getting out and looking around we find that the wind also hit other places the same way. The roof was torn off the Waincott barn, also the Sellers barn. Mel Jones cotton trailer was done the same way as our chicken house, picked up and carried for some ways, then slammed down, almost demolishing it. The bad thing about his trailer was that he had just finished getting it worked over for the fall cotton hauling.

Something over an inch of rain was received over the two day period, right here in this area, but other places received

more. The cool front that came in didn't last long, it backed up again, but at least the weather is quite a lot cooler.

Most of our folks must have gone to the Fair in Abilene last week, at least we braved the heat Tuesday afternoon to make it, staying over for the midway show, starring the Osmond brothers. They are cute kids, with a lot of talent, they should go far in the entertainment world.

Mr. and Mrs. Joe Ford took lunch Sunday with Mr. and Mrs. E. A. Henry. Since they have both now had their fiftieth wedding celebration, they must have had a lot to talk about.

Nancy Ford went back to Denton, where she enrolled in N. T. S. U. for the fall term, last Monday but returned home for the weekend, going back Sunday afternoon.

Clifford Eoff entered his yearling Appaloosa filly in the horse show, in Abilene Fair, winning second place in that class. Soon after he brought her home she got in the wire, inflicting a painful cut.

Mr. and Mrs. H. L. Ford were visitors of the Dale Lains, last Tuesday night. Thursday night they visited the Flavil Holmes.

The Drake family, Maude,

Della and Connie, went to Romney last Thursday where they were guests of Mr. and Mrs. Gil Walker.

The Jack Wright family make a practice of coming over every Friday afternoon, from Abilene, to have Keenan tested, in preparation for removing his tonsils. So far his blood is not right for the surgery, so back home they go to get ready for another week. Lets hope that the little fellow will soon be in shape to get it over with before winter sets in.

Diane Ford won five dollars in the coloring contest, sponsored by the McDonald store.

Mr. and Mrs. Elmer Joiner went to Stamford, Sunday afternoon, where they visited with their children, the Jimmy Joiners. Other guests from Hamlin were Mr. and Mrs. Bailey Meeks and Mr. and Mrs. Leonard Meeks.

Elmer Joiner entered the hospital Sunday night, but hopes to be out in a few days, feeling much better.

The family night committee has planned to have the monthly meeting this coming Friday night, in the home of our pastor, with a hamburger supper. The supper will be cooked in the back yard weather permitting. Each family will

National Honor Society Resumes Flag Raising Ceremonies

By HELEN MOORE

JANE FERGUSON

"Rain, rain, go away!" "Fight, fight, Pipers, fight!" This was the battle cry of H. S. students and fans as the Pipers traveled to Post Friday night to annihilate the Antelopes 8-7.

Last week representatives from the Junior class gave the devotion. The opening songs were led by Larry Bralley accompanied by Linda Goodwin on the piano. Raymond Nichols led the prayer, and Jean Young sang special music. Larry McCoy then read a scripture. Following the scripture, Revonna Robertson spoke on Spiritual and Physical Cleanliness. The student body was led in the Lord's Prayer by Helen Moore to close the devotion.

The National Honor Society has resumed its custom of conducting a public flag raising ceremony each Monday morning at 8:20. James Knabel and Jimmy Hastings furnished the trumpeting and the drum roll. The student body is invited to participate. Raising the flag all other days will be John Poe and Sammy Hester.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Industrial development ... successful achievement

Not long ago WTU published an ad about the \$1,300,000 improvement program in the West Texas community of Stamford. As we stated then, it was done for the purpose of "improving the chances of continued economic growth and attraction of new industry." And ... industry responded! Today a well-known maker of women's and girls' apparel and sportswear is thriving in Stamford, with an annual payroll approaching \$300,000. Selling its products all over the Nation, Stamford's new industry has almost tripled its employment in 18 months. In actual fact, here is a PATTERN FOR PROGRESS ... a picture of successful achievement. Growth-conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

Pipers Down Post In Rain, 8-7

Recovering from a quick Post touchdown, the Pipers drove for a first quarter score and a two-point conversion, to take a one-point lead and hold on to it for the next three quarters to win over the Antelopes, 8-7.

The game was played in a heavy drizzling rain that fell all during the game. The field was in pretty good shape but the wet ball gave both teams trouble.

Post returned the opening kickoff to their 46 and then raced the next 54 yards on the first play from scrimmage with End Luis Ayala doing the honors on an end around. Paul Walker kicked the one pointer to put the Antelopes out in front with 23 seconds gone in the game.

Sammy Ferguson returned the Post kick off 20 yards to the Hamlin 35 from where the Pipers started their drive. Tommy Ferguson tried a pass and then Danny Warner hit the line for 5 yards. Paul Long came in at quarterback and connected with James Ledbetter on a 16 yard pass to the Post 44. Warner was stopped for no gain and then went around right end for four. Larry Bralley hit left guard for five and then picked up the first down with a two yard plunge.

Long and Warner were each held for no gain and then Long connected with Ledbetter again with a 21 yard pass to the Post 12. Warner made four, Bralley two and Tommy Ferguson two to bring up fourth and one at the four. Warner was stopped just short of the first down and Post took over on their three.

Hamlin recovered a Post fumble on the first down play and owned the ball again on the Post four.

Tommy tried the middle for one, Warner gained two and then Tommy went over with a quarterback sneak from the one. Putting the ball in play at the right hash mark the Pipers lined up strong to the left and Ferguson pitched out to Wingback Lewis Shelton who slanted in for the all important two pointer to put the Pipers out in front.

The two teams exchanged punts and then Post mounted a drive that carried down to the Hamlin 34 before it was stopped. Two more punts were exchanged before the half ended.

The Pipers took the second half kickoff back to their 33 but had trouble hanging on to the slippery ball and fumbled on third down with Post taking over on the Piper 31. Post moved down to the Piper 20 before the Piper defense tightened up and held them for

no gain in four plays.

The Pipers quick kicked out to their own 47 on third down and Ledbetter intercepted a Post third down pass to give the ball back to the Pipers on the 46.

The Pipers moved down to the Post 25 before three incomplete passes killed their drive.

Post took over on the 25 and moved back up the field to the Pipers 16 before the Pipers could kill the drive. A 37 yard run by Sam Sims was the big gainer of the drive.

The Pipers fumbled on second down with Post recovering on the 16. Losing five yards in three plays the Antelopes went to the air with Ledbetter intercepting and returning it to the 15. Hamlin punted on first down with Post taking over on the Hamlin 40. They drove back down to the 15 before fumbling with Hamlin recovering. Hamlin punted out again to the Post 49. Post tried a

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could

see God's House from any direction, and could easily find their way to a place of worship

Today, with many office buildings towering into the sky, churches are not always the

tallest buildings. However, churches still point

the way to God, and provide a place of

worship. ATTEND CHURCH SUNDAY.

SALVADOR PISTONE
... new pastor of Mexican Mission

Mexican Mission Church Here Has New Pastor

Salvador Pistone has accepted the call of the First Baptist Church of Hamlin to become pastor of their Mexican Mission work. He comes to this field of service from a similar work with the Freeway Baptist Church of Alhambra, Calif., where he served the Mexican Mission in El Sereno. He with his wife and a son are making their residence here this week. The Mexican Mission is sponsored entirely by the First Baptist Church. The organizations and work are supervised by a committee of the church composed of Mrs. Joe Simpson, Delmer Hill, John Hix, John Howard Jr., and

Mrs. A. G. Miller.

Mr. Pistone was born in Italy in 1901 and went to Argentina with his family at the age of three. While under the influence of communist philosophy he was led to accept the Christian faith at the age of 23. He soon began to preach and was placed in charge of a mission in Valentin Alsina.

Mr. and Mrs. Pistone married when he was 27. She was born in Birmingham, England, and moved to Argentina with her family when she was six years of age. She spent most of her teen age years in the home of the first missionaries to Argentina among Baptists, Dr. and Mrs. Sidney McFarland Lowell. Mrs. Lowell is eldest daughter of the Bagby family who were among the most noted Baptist missionaries in South America.

The Pistones have been in the United States since December 24, 1962. They have nine children. Four of their sons are ministers, and a daughter is the wife of the pastor of the Mexican Baptist Church in Rotan, Henry Medina. The youngest son, age 18, is moving with the parents to Hamlin and he expects to enter Hardin-Simmons.

Students preregistered for the fall semester at Cisco Junior College are Weldon Estes, son of Mr. and Mrs. Walter Estes of Sylvester; Gaylon Lee Moore, nephew of Mrs. Noble Greer; and Robert Parramore, son of Mr. and Mrs. R. C. Parramore both of Hamlin.

Frank Johnson, 18, Dies from Injuries At Plano, Texas

Frank Dale Johnson, 18, died Tuesday afternoon in a Plano hospital from injuries received when he was pinned against a wall by a piece of machinery at a construction project where he was employed.

He was the son of Mr. and Mrs. Raymond Johnson of Hamlin, and was employed by Whilmar Construction Co. of Dallas.

Funeral was held at 2 p.m. Sunday in Oak Grove Baptist Church with the Rev. C. J. Rigmaiden, pastor, officiating. Burial was in Hamlin East Cemetery.

He was born May 4, 1947 in Hamlin. Surviving are his parents; five brothers, Raymond and Richard of Dallas, and Abner, Jerry Don and Willie Van, all of Hamlin; three sisters, Mrs. Willie (Ruby) Lee, Owynee and Barbara Sue.

Former Resident Dies of Gun Shot Wound Thursday

Delvin Lee Ludecke, 28, of Rt. 1 O'Donnell in Lynn County, was found dead about 1 p.m. Thursday in his pickup a mile north of Boyd Lodge at Lake J. B. Thomas. Investigating authorities said he had apparently been dead about 12 hours when found.

Snyder Justice of Peace Cone Merritt ruled death by self-in-

licted gunshot wound. A .22 caliber rifle was found in the pickup, Sheriff Keith Collier said.

The victim's body was discovered by his brother, Bill, in whose cabin he had been staying at the lake.

Funeral arrangements are pending at Bolger Funeral Home.

Born Aug. 9, 1937, in Hamlin, he had farmed in Borden County 12 years.

He is survived by his wife, Bonnie, of Big Spring; his mother, Mrs. Annie Ludecke of O'Donnell; two sisters, Mrs. Ann Cooley of San Antonio and Mrs. Faye Owens of Anson; three brothers, Bill, Bob and Garland, all of O'Donnell.

First railroads in the U. S. had wooden or iron rails over which cars were drawn by horses at a speed of five or six miles an hour.

Simpson, Pearce Making Cisco JC Football Squad

Cisco, ... Larry G. Simpson, 18, and Robert W. Pearce, 18, both of Hamlin, are among the 33 members of the Cisco Junior College Wranglers who stamped to a 54 to 8 victory in their opening game of the season Sept. 11, against Ranger Junior College.

Simpson, son of Mr. and Mrs. D. C. Simpson, Route 3, is a 175-pound linebacker for the team. Pearce, son of Mr. and Mrs. Charles E. Pearce, 606 N. W. Avenue H, is a 180-pound halfback. During the Cisco-Ranger tangle, Simpson recovered a fumble on the Ranger 30 to set up Cisco's sixth score.

While the Pipers are off this week the B Team will host the Anson B Team here tonight (Thursday) at 7.

The Hamlin Freshmen will travel to Seymour tonight for their second game of the season. Game time is 6 p.m.

The B Team game last week with Anson was cancelled because several of the team's boys were moved up to the varsity unit because of injuries and the Freshman game was rained out.

The Seventh grade game scheduled with Aspermont here Saturday has been postponed until later in the season and the Seventh and Eighth grade teams will host Anson here Tuesday night, starting at 6 p.m.

Tuesday night the Seventh grade defeated Albany 26-0 in a game played here and the Eighth grade followed it up with a 36-0 victory over Albany's Eighth grade.

Four Year Old Found Here After Morning Search

Scott Wilson, four year old son of Mr. and Mrs. Robert M. Wilson, was found at noon Tuesday after a three and one-half hour search by his mother, the police, fire department and other citizens.

Scott left his home at 520 N. W. Ave. G. to look for his dog that had gotten loose. His mother found the dog at the railroad track at the north edge of town but was unable to find the little boy.

Mrs. Lee Hastings was driving slowly down the country road two miles north of town when Mr. Romero stopped her and asked her if she were looking for a little boy. She went to the Romero's home where Scott was being cared for while waiting to be found.

Mrs. Wilson was most grateful to all of the citizens who joined in the search. She contacted the police when she missed Scott but realized that many residents upon learning of the lost child had joined in.

Although the Wilsons have only lived here a short time, they express their feelings that the most wonderful people live in Hamlin.

The family moved here in May from Colorado.

County Commissioners Adopt \$608,128.36 Budget for 1969

Jones County Commissioners Court Monday adopted a budget for 1966 which totalled \$608,128.36—up some \$36,000 from this year but down about \$50,000 from 1964.

The court set the tax rate at 70 cents on the \$100 valuation which is the same as this year. This will be broken up as follows: Jury fund, 2 cents; road and bridge, 13 cents; road and bridge special, 15 cents; and general, 40 cents. There will be no assessment this year for permanent improvement.

The county presently has about \$55,000 in the permanent improvement funds and last year a new boiler for the courthouse was purchased. It was brought out at the meeting that money will need to be spent this year on repairing the courthouse which

needs painting both inside and out and the brick and stone needs to be pointed.

Current tax valuation of the county is \$30,500,000, or \$500,000 less than last year. This is mainly due, it was explained to decrease in oil activity and shrinkage of oil and gas valuations. Some adjustments were made in land values at the public hearings this summer.

The new budget follows that of last year rather closely but does provide for salary increases for elected and officers and employees. However, previous budgets also have had similar provisions and unless the commissioners vote the increases at the start of the new year, they are not granted.

The proposed salary increases amount to 5 per cent "across the board." This will mean that the salary of commissioners would become \$5200, that of the tax assessor-collector, \$6600, the district clerk, county clerk, sheriff and county attorney and county judge, \$6300.

The county attorney would receive \$6000 and the county treasurer \$5600.

The court adopted a tax rate of 25 cents for Road District No. 1 which is approximately the northern half of the county. It was brought out that it may be possible to retire all the bonds of this district in 1968—two years ahead of time. This would mean the end of the tax assessment.

The budget shows that the county is on a cash basis with no funds overdrawn. Road and Bridge District No. 2, which is Commissioner Tom Boyd's over a period of five years, has \$19,000 in warrants. These are to be retired. The money was used to purchase a loader.

In addition to taxes, the county will receive funds from several other sources, one of which is fees of office, another sale of automobile license plates and other state funds.

The officer's salary fund has been supplemented for the last two years from the general

fund. Because of the decline in oil activity there are fewer instruments to be filed and less fees in the county clerk's office.

Since Impact started sale of liquor, there have been fewer arrests and fines in Jones County and this too has reduced.

The new criminal code eliminated attorney fee in justice of peace court and this will cost the county about \$10,000 next year, reducing the fees from an estimated \$12,000 in 1964 to \$2,550 next year.

Precinct 1 will operate on a budget of \$62,700, with \$36,000 of this going for wages, \$2,000 for right of way, and \$1,000 for capital outlay. Only \$4,000 is budgeted for new equipment.

Precinct 2 will have a budget of \$67,150 with \$28,000 for wages, \$2,000 for right of way and \$8,500 for capital outlay.

Precinct 3 budget calls for a total of \$60,650 with \$26,000 for wages, \$1,000 for right of way and \$4,000 for capital outlay.

Precinct 4 will have \$57,700 available with \$26,000 going for wages, \$2,000 for right of way and \$4,000 for equipment purchase.

Each precinct also will receive funds from the Lateral Road Fund.

By Mrs. Elmer Joiner
We are always reporting the weather news but we certainly had some to report on last week. If we thought the summer had been hot we just did not know what hot could be until the one hundred three and four days came along. Not that temperatures like that is such news in Texas, but when it comes in the middle of September, that is news. After about three such days by Thursday night it looked as if something had to happen, and happen it did right around here. Clouds boiled up in the southwest, lightning flashed and the thunder roared, then the wind and rain came.

Since the new television shows were coming on and we had just had our television repaired, we were engrossed in what was happening to Daniel Boone, forgetting that our storms all seem to come from the direction from which the wind was blowing. We knew that things were happening to our set including the power going off momentarily, but we had to find out how Daniel and the settlers of Boonesboro fared, for hadn't they lost their homes? The next morn-

ing we discovered that the Joiners could have easily lost their home also, for our chickens lost theirs. The wind had picked up the chicken house and carried it over the garden fence, dropping it in the garden and on top of the barn, smashing it to pieces. The thirteen old hens must have felt rather silly when they were left sitting out in the rain on their roosts. Nothing else on the place was disturbed, not even a waterbucket turned over a post, in front of the building that was blown away.

Getting out and looking around we find that the wind also hit other places the same way. The roof was torn off the Wainwright barn, also the Sellers barn. Mel Jones cotton trailer was done the same way as our chicken house, picked up and carried for some ways, then slammed down, almost demolishing it. The bad thing about his trailer was that he had just finished getting it worked over for the fall cotton hauling.

Something over an inch of rain was received over the two day period, right here in this area, but other places received

more. The cool front that came in didn't last long, it backed up again, but at least the weather is quite a lot cooler.

Most of our folks must have gone to the Fair in Abilene last week, at least we braved the heat Tuesday afternoon to make it, staying over for the midway show, starring the Osmond brothers. They are cute kids, with a lot of talent, they should go far in the entertainment world.

Mr. and Mrs. Joe Ford took lunch Sunday with Mr. and Mrs. E. A. Henry. Since they have both now had their fiftieth wedding celebration, they must have had a lot to talk about.

Nancy Ford went back to Denton, where she enrolled in N. T. S. U. for the fall term, last Monday but returned home for the weekend, going back Sunday afternoon.

Clifford Eoff entered his yearling Appaloosa filly in the horse show, in Abilene Fair, winning second place in that class. Soon after he brought her home she got in the wire, inflicting a painful cut.

Mr. and Mrs. H. L. Ford were visitors of the Dale Lains, last Tuesday night. Thursday night they visited the Flavil Holmes.

The Drake family, Maude,

Della and Connie, went to Romney last Thursday where they were guests of Mr. and Mrs. Gil Walker.

The Jack Wright family make a practice of coming over every Friday afternoon, from Abilene, to have Keenan tested, in preparation for removing his tonsils. So far his blood is not right for the surgery, so back home they go to get ready for another week. Lets hope that the little fellow will soon be in shape to get it over with before winter sets in.

Diane Ford won five dollars in the coloring contest, sponsored by the McDonald store.

Mr. and Mrs. Elmer Joiner went to Stamford, Sunday afternoon, where they visited with their children, the Jimmy Joiners. Other guests from Hamlin were Mr. and Mrs. Bailey Meeks and Mr. and Mrs. Leonard Meeks.

Elmer Joiner entered the hospital Sunday night, but hopes to be out in a few days, feeling much better.

The family night committee has planned to have the monthly meeting this coming Friday night, in the home of our pastor, with a hamburger supper. The supper will be cooked in the back yard weather permitting. Each family will

LOOKING INTO THE FUTURE—Officers of the Sophomore Class look into the future as they consider the various activities for the class this year. The officers are, left to right, front, Bob Clifton, vice

Pipers Down Post In Rain, 8-7

Recovering from a quick Post touchdown, the Pipers drove for a first quarter score and a two-point conversion, to take a one-point lead and hold on to it for the next three quarters to win over the Antelopes, 8-7.

The game was played in a heavy drizzling rain that fell all during the game. The field was in pretty good shape but the wet ball gave both teams trouble.

Post returned the opening kickoff to their 46 and then raced the next 54 yards on the first play from scrimmage with End Luis Ayala doing the honors on an end around. Paul Walker kicked the one pointer to put the Antelopes out in front with 23 seconds gone in the game.

Sammy Ferguson returned the Post kick off 20 yards to the Hamlin 35 from where the Pipers started their drive. Tommy Ferguson tried a pass and then Danny Warner hit the line for 5 yards. Paul Long came in at quarterback and connected with James Ledbetter on a 16 yard pass to the Post 44. Warner was stopped for no gain and then went around right end for four. Larry Braley hit left guard for five and then picked up the first down with a two yard plunge.

Long and Warner were each held for no gain and then Long connected with Ledbetter again with a 21 yard pass to the Post 12. Warner made four, Braley two and Tommy Ferguson two to bring up fourth and one at the four. Warner was stopped just short of the first down and Post took over on their three.

Hamlin recovered a Post fumble on the first down play and owned the ball again on the Post four.

Tommy tried the middle for one, Warner gained two and then Tommy went over with a quarterback sneak from the one. Putting the ball in play at the right hash mark the Pipers lined up strong to the left and Ferguson pitched out to Wingback Lewis Shelton who slanted in for the all important two pointer to put the Pipers out in front.

The two teams exchanged punts and then Post mounted a drive that carried down to the Hamlin 34 before it was stopped. Two more punts were exchanged before the half ended.

The Pipers took the second half kickoff back to their 33 but had trouble hanging on to the slippery ball and fumbled on third down with Post taking over on the Piper 31. Post moved down to the Piper 20 before the Piper defense tightened up and held them for

The Pipers quick kicked out to their own 47 on third down and Ledbetter intercepted a Post third down pass to give the ball back to the Pipers on the 46.

The Pipers moved down to the Post 25 before three incomplete passes killed their drive.

Post took over on the 25 and moved back up the field to the pipers 16 before the Pipers could kill the drive. A 37 yard run by Sam Sims was the big gainer of the drive.

The Pipers fumbled on second down with Post recovering on the 16. Losing five yards in three plays the Antelopes went to the air with Ledbetter intercepting and returning it to the 15. Hamlin punted on first down with Post taking over on the Hamlin 40. They drove back down to the 15 before fumbling with Hamlin recovering. Hamlin punted out again to the Post 49. Post tried a

National Honor Society Resumes Flag Raising Ceremonies

By HELEN MOORE

PAT POPE

JANE FERGUSON

"Rain, rain, go away! Fight, fight, Pipers, fight!" This was the battle cry of H. S. students and fans as the led Pipers traveled to Post Friday night to annihilate the Antelopes 8-7. Something new has been added to the Wednesday morning devotionals this year. Each of the classes will give a devotional, and various clubs and organizations are invited to give one. Larry Braley and in Albritton, Devotional Co-chairmen have been doing an excellent job in preparing the devotionals.

Last week representatives from the Junior class gave the devotional. The opening songs were led by Larry Braley accompanied by Linda Goodwin on the piano. Raymond Nichols led the prayer, and Jean Young sang special music. Larry McCoy then read a scripture. Following the scripture, Revonna Robertson spoke on Spiritual and Physical Cleanliness. The student body was led in the Lord's Prayer by Helen Moore to close the devotional.

The National Honor Society has resumed its custom of conducting a public flag raising ceremony each Monday morning at 8:20. James Knabel and Jimmy Hastings furnished the trumpeting and the drum roll. The student body is invited to participate. Raising the flag all other days will be John Poe and Jimmy Hester.

FFA president Jimmy Hawkins appointed committee chairmen for the twelve divisions of the annual program of work for the Hamlin FFA chapter at the regular chapter meeting last week. The program of work is a set of goals

and guides for the chapter's activities for the coming year. PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Industrial development . . . successful achievement

Not long ago WTU published an ad about the \$1,300,000 improvement program in the West Texas community of Stamford. As we stated then, it was done for the purpose of "improving the chances of continued economic growth and attraction of new industry." And . . . industry responded! Today a well-known maker of women's and girls' apparel and sportswear is thriving in Stamford, with an annual payroll approaching \$300,000. Selling its products all over the Nation, Stamford's new industry has almost tripled its employment in 18 months. In actual fact, here is a PATTERN FOR PROGRESS . . . a picture of successful achievement. Growth-conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building

higher than all others in the city. People could

see God's House from any direction, and

could easily find their way to a place of worship

Today, with many office buildings towering

into the sky, churches are not always the

tallest buildings. However, churches still point

the way to God, and provide a place of

worship. ATTEND CHURCH SUNDAY.

SALVADOR PISTONE
... new pastor of Mexican Mission Church Here

Mexican Mission Church Here Has New Pastor

Salvador Pistone has accepted the call of the First Baptist Church of Hamlin to become pastor of their Mexican Mission work. He comes to this field of service from a similar work with the Freeway Baptist Church of Alhambra, Calif. where he served the Mexican Mission in El Sereno. He with his wife and a son are making their residence here this week. The Mexican Mission is sponsored entirely by the First Baptist Church. The organizations and work are supervised by a committee of the church composed of Mrs. Joe Simpson, Delmer Hill, John Hix, John Howard Jr., and

Mrs. A. G. Miller.
Mr. Pistone was born in Italy in 1901 and went to Argentina with his family at the age of three. While under the influence of communist philosophy he was led to accept the Christian faith at the age of 23. He soon began to preach and was placed in charge of a mission in Valentin Alsina.

Mr. and Mrs. Pistone married when he was 27. She was born in Birmingham, England, and moved to Argentina with her family when she was six years of age. She spent most of her teen age years in the home of the first missionaries to Argentina among Baptists, Dr. and Mrs. Sidney McFarland Lowell. Mrs. Lowell is eldest daughter of the Bagby family who were among the most noted Baptist missionaries in South America.

The Pistones have been in the United States since December 24, 1962. They have nine children. Four of their sons are ministers, and a daughter is the wife of the pastor of the Mexican Baptist Church in Rotan, Henry Medina. The youngest son, age 18, is moving with the parents to Hamlin and he expects to enter Hardin-Simmons.

Students preregistered for the fall semester at Cisco Junior College are Weldon Estes, son of Mr. and Mrs. Walter Estes of Sylvester; Gaylon Lee Moore, nephew of Mrs. Noble Greer; and Robert Parramore, son of Mr. and Mrs. R. C. Parramore both of Hamlin.

Funeral was held at 2 p.m. Sunday in Oak Grove Baptist Church with the Rev. C. J. Rigmalden, pastor, officiating. Burial was in Hamlin East Cemetery.

He was born May 4, 1947 in Hamlin.

Former Resident Dies of Gun Shot Wound Thursday

Delvin Lee Ludecke, 28, of Rt. 1 O'Donnell in Lynn County, was found dead about 1 p.m. Thursday in his pickup a mile north of Boyd Lodge at Lake J. B. Thomas. Investigating authorities said he had apparently been dead about 12 hours when found.

Snyder Justice of Peace Cone Merritt ruled death by self-

inflicted gunshot wound. A .22 caliber rifle was found in the pickup, Sheriff Keith Collier said.

The victim's body was discovered by his brother, Bill, in whose cabin he had been staying at the lake.

Funeral arrangements are pending at Bolger Funeral Home.

Born Aug. 9, 1937, in Hamlin, he had farmed in Borden County 12 years.

He is survived by his wife, Bonnie, of Big Spring; his mother, Mrs. Annie Ludecke of O'Donnell; two sisters, Mrs. Ann Cooley of San Antonio and Mrs. Faye Owens of Anson; three brothers, Bill, Bob and Garland, all of O'Donnell.
